## Program Details

**Addison - Jr. Lego Robotics and Coding for Kids (KG-2) by Bricks 4 Kidz** **Grade: K – 2**  
**- Palo Alto/Los Altos/Mtn View** [fjaved@bricks4kidz.com](mailto:fjaved@bricks4kidz.com) 408-515-3095

Let's make it move! Kids love legos, but we will build and code them to move too! As they enjoy the fun in building with legos, they're also learning the basic principles of movement, engineering, and coding that are part of our everyday lives. They'll gain other skills such as learning to work as a team player, gain confidence, patience, problem solve and more.

**Addison After School Hoops 4th-5th by One on One Basketball - San Francisco** **Grade: 4 – 5**  
[mike@1on1basketball.com](mailto:mike@1on1basketball.com) 650-804-5226

Join One on One Basketball for AFTER SCHOOL HOOPS® at Addison. Throughout the winter and spring, skilled and experienced basketball instructors will conduct a one hour clinic each week for you and your friends. These clinics will help you become a better basketball player through drills, contests, and team competition.

**Addison After School Hoops K-3 by One on One Basketball - San Francisco** **Grade: K – 3**  
[mike@1on1basketball.com](mailto:mike@1on1basketball.com) 650-804-5226

Join One on One Basketball for AFTER SCHOOL HOOPS® at Addison. Throughout the fall, skilled and experienced basketball instructors will conduct a one hour clinic each week for you and your friends. These clinics will help you become a better basketball player through drills, contests, and team competition.

**After School Tennis by Euro School Of Tennis** **Grade: K – 3**  
[ast@euroschooloftennis.com](mailto:ast@euroschooloftennis.com) 5104913007

Pride. Confidence. Respect. Responsibility. They're all values almost every parent wants to instill in their children, and Euro School of Tennis is ready to help with our Tennis After School program. Offering youngsters K to fifth (5) grade in the Bay Area a chance to learn a sport that has so much to teach.

**Art and Soul Addison Art Club by Art and Soul Palo Alto** **Grade: K – 5**  
 6502690423

Students of all levels spend time in the studio developing independent and collaborative works. Goals for our students are to develop drawing, painting and sculptural skills and to improve observational techniques. Students experience an overall robust, positive, design process. No projects are repeated throughout the year and curriculum is differentiated for each student. Grade K-3 meet at 2:20. While enjoying snack we explore illustrators and stories that pertain to our lesson. At 2:45 grade 4-5 students join for lesson instruction and demo. All students work together until 4:00 dismissal. Classes may be pro-rated to begin at a later date. Ask for a "prorate" promotion code when registering.

### **EasySpanish After School Program (Grades 4-5) by EasySpanish**

**Grade: 4 – 5**

[easyspanishisfun@gmail.com](mailto:easyspanishisfun@gmail.com) 6507667740

Buenos Dias, and Welcome to the 2018-2019 Spanish Language After School Program, offered by Easy Spanish! Why Your Children Need a Second Language? According to recent studies, learning a second language at an early age enriches mental development in children. Children who receive even small amounts of second language instructions are better at solving complex problems. Young children learn a second language easily, and speak it naturally without any accent, compared with learning later when it becomes hard word. Why Spanish? Spanish has become one of the most important second languages in the United States and especially in California. Spanish has a rich historical heritage; it is a Latin language with close ties to many other useful languages. It is the spoken language in many beautiful and exotic countries throughout the World, I.E: Spain, Mexico, the Caribbean, and South America. What is Easy Spanish? Easy Spanish is a Spanish language study program developed specifically for children by Viviana Marchevsky, a native speaker with an extensive background in education and child development. Through a variety of exciting games and interactive activities the children develop vocabulary and grammar skills in Spanish. No boring or mechanical drills and memorizing words, and homework is optional. Viviana uses only native speaking experienced instructors, whom she has trained in the Easy Spanish Teaching System. Kindergarteners will be picked up from their class and escorted to the Spanish classroom. Attention Parents! Your personal involvement with your child's progress is very important. I will contact you via your email address so I may send you announcements. It is vital for your child's safety that you inform me through email or phone, including your child's full name and school, that she/he will not attend class. Parents must pick up their children after class on time as there is no properly monitored facility available. Any late pick-ups will result in extra fees. Please contact me if you have any questions regarding this. Parents will be notified if their child arrives late or if he/she disrupts the class.

### **Hands-On Fun Science at Addison Elementary! by Science Made Fun**

**Grade: K – 5**

**SFBA** [info@sciencemadefunsfba.net](mailto:info@sciencemadefunsfba.net) 408-982-6710

High Touch High Tech enrichments provide students with a unique, interactive experience that brings science concepts to life. Each session, students exercise scientific process skills such as observing, investigating, questioning, explaining and problem solving. Join Us and Explore! 5 Senses • Matter • Colors • Static Electricity • Spooky Science • Magnets • Fossils • Polymers • Insects • Seeds • and more...! 15 classes K-2 Pre-care included

### **Mandarin Immersion Program Grade 4-5 by Bay Area Mandarin-Mandarin Class for Kids**

**Grade: 4 – 5**

We use thematic curriculum to introduce beginning-level Chinese conversation and literacy. The goal is for students to learn Mandarin in a fun and engaging way, and lay a good foundation for language class in middle/high school.

### **Mandarin Immersion Program Grade K-3 by Bay Area Mandarin-Mandarin Class for Kids**

**Grade: K – 3**

We use thematic curriculum to introduce beginning-level Chinese conversation and literacy. The goal is for students to learn Mandarin in a fun and engaging way, and lay a good foundation for language class in middle/high school.

**Robotics and Java Coding Lab by Wizbots**[info@wizbots.com](mailto:info@wizbots.com) 800-625-2155**Grade: 3 – 5**

At Wizbots, our aim is to inspire students in the pursuit of STEM (science, technology, engineering and math). Our after school Robotics & Java Coding Labs revolve around LEGO robotics so as to instantly engage and provide students with a fun, applied way to learn Java programming and creative problem-solving. Perfect for novices and advanced students, alike, they will all learn coding, engineering, and design in a hands-on, collaborative environment. Students journey through our extensive, gamified curriculum at their own pace, tackling new project challenges with each move, and earning bands of recognition with each promotion. The journey is deep, so students can join us season after season and always learn something new. And, parents get to experience all the fun too as their child's project videos are posted online to see and share! All Labs are led by trained Mentors with a passion for education and a deep sense of play and fun. Girls and boys, alike, find Wizbots instantly engaging, social, and fun!

**Run for Fun by Run For Fun** [info@runforfuncamps.com](mailto:info@runforfuncamps.com) 650-823-5167**Grade: K – 5**

Run for Fun is an outdoor after school program that focuses on play through field games. Kids work on speed, agility and fitness while enjoying games such as capture the flag, chaos tag, and dodgeball. Run for Fun welcomes children of all ages and athletic abilities and emphasizes good sportsmanship and positivity. Our staff is compassionate, spirited and values making personal connections with the kids

**School Play in a Box by Peninsula Youth Theater** 650-988-8798**Grade: 2 – 5**

Addison Elementary School is teaming up with Peninsula Youth Theatre's Play in a Box this year to offer after-school drama classes! Students will learn the basics of acting, character development, storytelling, and theater terminology while having fun and rehearsing a short play (our Spring 2020 play will be a 45 minute production of The Wizard of Oz!). The program culminates in a final performance for family and friends. Parents will be responsible for providing their child's simple costume and helping with memorization at home.
